CERTIFICATE OF KASHRUT.

On Monday 29th. September 2008 (29th. Tischri 5769) I visited and formally inspected the premises of Müggenburg Pflanzliche Rohstoffe GmbH & Co KG at Tegelbarg 35, D-24576 Bad Bramstedt, both the Warehouse with offices, and also the adjacent plant of Produktionsbetrieb, Dirk Müggenburg GmbH, where some of the products are processed. Since that time I have been in regular contact with the firm and I am convinced that there have been no alterations to the premises or procedures.

The warehouse, offices and production premises of the certified companies are under my Kashrut Supervision and all plant-originated products produced and traded are Pareve and Kosher for year-round use, excluding Passover.

This letter of certification is valid until the end of December 2016 and is subject to renewal at that time.

(Landesrabbiner a.D. Dr. Walter Rothschild.)
